Subject: FW: Citizens complaining about dust from Liberty Metals

Hi, Phil,

Steve has been posting videos of Hickman Egg in Tonopah and now this. I know that Hether has recorded a complaint for Hickman so I imagine she will do the same here. I will need to follow up with you on these since he sent them to Jared, and for other reasons as well. I will give you a call this week.

Colleen

Subject: Citizens complaining about dust from Liberty Metals

I had complained about this facility a few years ago when I observed enormous amounts of thick dust emanating from this facility at night.(I thought it was on fire because the dust looked like thick smoke.) Now, citizens are contacting me about the same. They have posted YouTube videos of the facility, Liberty Iron and Metal Southwest, 2144 W McDowell Rd,Phoenix, AZ 85009. These are at:
